Address: North South Power Chárst-Main Camp Shiroro Zumba

PROFESSIONAL SUMMARY

Motivated young graduate of Cyber Security Science seeking to participate actively in the transformation and development of an organization, while making a significant contribution to the success of the company. Talented at information Security, Network Security, Web development and computer systems administration as a whole irrespective of its type or category. Excellent at working independently or as part of a team. Technically savvy with outstanding relationship building, training and presentation skills, excellent at juggling multiple tasks, working under pressure and conducting research. I prefer to focus on transformation to optimize work processes and results whenever necessary rather than recursive solution.
